Passionate about new technologies, IT and project management, I aim to secure a position that combines my pedagogical and organizational skills with a dynamic technological environment. Worked on interactive learning projects using digital platforms such as Scenari, TWINE, Genially and Articulate 360, applying multimedia design and content creation techniques.

PROFESSIONAL SUMMARY

- Skilled in project management, education, and administration, with a strong ability to adapt and work in multilingual and multicultural environments.
- Experienced in leveraging digital tools (e.g., Scenari, Microsoft Office, Miro, Adobe, Articulate 360, Wordpress) to create and organize content effectively.
- Passionate about integrating innovative technologies in professional contexts and eager to transition into roles that involve technology and management.

EDUCATION

- 2024 – 2025  
Master’s Degree in Language Sciences – Formation, Innovation, and Research  
University of Strasbourg, Strasbourg  
*Focus on multimedia tools, training design, and innovative teaching methods.*
- 2022 – 2023  
Master’s Degree in French and Foreign Languages  
University of Strasbourg, Strasbourg  
*Explored language learning methods and digital tools for education.*
- 2019 – 2021  
Bachelor’s Degree in Applied Foreign Languages (English and German)  
University of Strasbourg, Strasbourg  
*Emphasis on translation, communication, and cross-cultural interactions.*
